Whether it's planning a family bike trip down the Virginia Creeper Trail or researching for your first-ever thru-hike attempt, let us help you discover your next trail-cation. We've covered everything from the best mountain biking destinations to the best undiscovered A.T. hikes in the past two decades, but below are the top 20 most mentioned trails that have graced the pages of our magazine over the course of 20 years.

From scenic views to remote hikes, from family friendly trails to steep terrain that challenges even the most experienced of outdoorsmen and women, there's a hike here for everyone! Click on the trail name to be directed to more information on the trail, then grab your hiking boots and a sense of adventure and head for the hills!
